

UNLEASHED

October 14-18, 2024, Orlando

Industrial AI | Service AI | Asset AI

The AI revolution has taken the world by storm – including asset maintenance and management. Not only in driving innovation but also in how AI is fueling productivity and transforming the way we work. The seamless harmony between human creativity and artificial/machine intelligence is on the minds of leaders and experts across all industries and all over the globe.

With AI at the forefront of modern innovation, we invite you to experience and explore all that's possible when embracing AI's transformative power on your organization's asset management processes.

Join us at IFS Unleashed, where AI-driven innovation redefines how we see the world in an event that inspires, innovates, and leads us on a journey toward a future where creativity knows no bounds.

A unique experience

Invaluable, expert showcases to realize maximum value for your business with IFS Enterprise Asset Management (EAM) solutions.

New product releases and innovative features that seamlessly leverage the power of AI in how organizations manage, maintain, and evolve their asset strategies.

An exhibition of the profound impact of AI across all industries including energy & utilities, manufacturing, A&D, construction & engineering, telco, service industries.

EAM-focused sessions

Attend EAM sessions that explore asset maintenance and management trends and challenges, featuring IFS customers, partners, and industry leaders.

Don't miss out on:

Unleashing the Synergy of
Asset Management:
The Interplay of EAM, AIP, and
APM

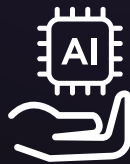

The HOW of Asset
Performance Management:
Optimize Assets, Reduce CO2
Impact & Save Money

Preventive, Predictive,
Prescriptive: Evolving your EAM
Maturity

Showcase highlights

Be inspired by showcase sessions with keynotes from our line-up of AI visionaries, thought leaders, and industry experts.

Experience the art of AI as you watch and take part in the biggest ever live IFS demo - putting IFS.ai into action, orchestrating multiple data sources and capabilities.

Deep dive into topics such as roadmap updates, AI-driven optimization, and analytics. Choose from presentations, demonstrations, panels, and customer stories.

Get access to industry- and product-specific breakouts, debates, and panel discussions. Network with your peers to collaborate and explore ideas.

Why Attend?

See how AI will fuel productivity in your business

- Understand how AI helps you move towards your target position in the Asset Performance Management maturity curve while achieving cost and emissions targets
- Learn how to convert operational asset data into real-time asset management intelligence to optimize reliability
- Understand how and why AI improves how your teams interact with technology, and optimizes asset reliability, productivity, and predictability across the operation
- Learn how IFS.ai's Advisor will guide process improvements and automation and help you increase user satisfaction and the business impact
- Engage with EAM product experts and attend training to get the most from your investment in IFS

Learn what's next

- Elevate your understanding of what's next for asset management, from predictive analytics to personalized experiences, as we provide actionable insights to effectively harness the transformative power of AI
- Discover how AI will impact reliability and availability of your assets through AI-assisted failure mode, effects, and criticality analysis (FMECA)
- Learn how IFS.ai supports you in analyzing and interpreting asset data using time series analyses and other forecasting models to detect anomalies, predict failures, and recommend actions in real-time
- Discover how IFS is investing to be the only vendor who truly unites the three disciplines of asset management – Asset Investment Planning, Asset Performance Management, and Enterprise Asset Management

Immerse yourself in transformative demonstrations

- Customize your conference experience for maximum relevance by selecting the tracks that align with your goals and spark ideas
- Explore captivating demonstrations of solutions that tackle your asset challenges
- See how IFS technology and innovations can improve and accelerate productivity, streamline business operations, and optimize your assets and people

Network with the best

- Meet with world-class thought leaders, AI visionaries, and industry experts to help you unlock the art of the possible with AI
- Network with your peers to foster collaboration and drive innovative ventures

Join world-class training

- Level up your skills, transform your organization, and boost your career with access to expert trainers to provide the knowledge and tools needed to succeed
- Take the first step towards a brighter future and start your success story at the IFS Unleashed training day
